13th Arab-Austrian Economic Forum & Exhibition

“Energy Strategies & Economic Cooperation with Arab Countries”

Monday, 27 November 2023, Vienna - Austria

The Austro-Arab Chamber of Commerce (AACC) is pleased to announce that the 13th edition of its periodic "**Arab-Austrian Economic Forum**" will be held on **Monday 27 November 2023 in Vienna, Austria**.

The **13th Arab-Austrian Economic Forum** provides a unique **networking platform** to meet with **official representatives, business-leaders, decision makers and experts** and to exchange ideas and define strategies for future cooperation.

This year's Forum will put the focus on "**Energy Strategies & Economic Cooperation with Arab Countries**", highlighting some of the most exciting topics for our global community and economy, including **hydrogen technologies, energy, renewables and environmental issues**.

The program will feature an **exclusive ministerial session** with ministers and representatives from **OPEC countries** from relevant **official institutions** from the **energy and resources sector**, in addition to **workshops** with focus on the **economic landscape, investment opportunities and future projects** in some Arab countries, featuring **high-level Arab officials and selected Austrian companies**.

More details, program and registration information will be provided in due course!

Please **save-the-date** in your calendar and **join us at our upcoming event!**
